**Please note:** the product brands shown in parenthesis ( ) were used for this example but you can certainly substitute any similar product to achieve similar results.

## Steps

- 1** Scale 021 image to 110% and the verse portion of 022 image to 100% and print them out. Let ink dry, then spray with protectant if desired.
- 2** Carefully trim both images using deckle edgers. Edge verse with metallic red paint and go over oval border with gold glitter glue (Fig. 1). Let dry.

- 3** Affix foil banding or other border material to front of 5 x 7 card at top and bottom edges. (Fig. 2)

- 4** Trim red velveteen paper to 6-1/2" high by 5" wide and attach to card front. Affix postcard image centered to card front and verse to inside of card (Fig. 3).

## TIP

When printing onto photo paper, take a little time to arrange several images to fill the sheet and avoid waste. Save unused images for future projects.
